Fall 2016

THE IMPORTANCE OF MAINTAINING FALL LAMBING ABILITY IN DORSET SHEEP

The Dorset breed of sheep has one very important characteristic that is imperative the Dorset breeders keep selecting for heavily in their breeding programs: their ability to lamb out of season naturally and easily. The CDC has always encouraged this trait to be maintained in the Dorset breed and as the sheep industry changes in this country it is becoming even more of an important trait to keep strong in the Dorset breed to keep it apart from the other breeds along with their great maternal and carcass traits.

The CDC has stressed for years the importance of out of season lambing in the breed by keeping track of this trait in its annual statistics as well as even identifying fall lambs on the actual registration papers. New breeders often ask what does the "S" or "F" mean on the papers between the birth date and type of birth. "S" means a spring born lamb which is defined as being born between January 1st and June 30th. The "F" designates those animals born between July 1st and December 31st. The CDC also restructured show and sale classes in the early 2000's by putting more emphasis on the fall and winter classes rather than going later into the spring.

Below is a statistical chart showing a disturbing trend in the Dorset breed. In the past eight years the percentage of fall born animals recorded in the purebred Polled and Horned Dorset registry has dropped by almost 5%. Even though the Dorset breed has changed in its diversity over the recent years, the ability to breed out of season should always be stressed to maintain the breed's importance in the commercial sheep industry and to set the breed apart from the other breed choices out there for the commercial sheep producer.

Wether type Dorset breeders may not necessarily need them to lamb in the fall for their markets but certainly enjoy it when Dorsets lamb earlier in the spring breeding cycle to get those older lambs for the early online sales. Frame type breeders

enjoy having those fall lambs to merchandise at the early Dorset sales in the spring to start bringing in income earlier in the year, never mind being able to produce sheep for those heavily emphasized fall classes in the shows for fellow Dorset breeders to buy.

With supplementary breeding aids available to cycle ewes out of season to produce fall lambs, many breeders haven't paid as much emphasis on the natural fall lambing ability. Dorsets respond very well to these hormonal aids, performing far way above other breeds. It then becomes an issue whether one is

masking their natural ability to lamb out of season thus making it hard to select for the trait. But the time may come when those aids are no longer commercially affordable or available, and with the ever increasing consumer request for "hormone" free meat product we might be forced more heavily to rely on the animal's natural ability.

The commercial producer really needs to provide lamb product on a year round basis to maximize profits and to meet the year round demand for lamb. Direct marketers really feel this pressure and many have turned to Dorset genetics to obtain the goal of a quality, year round carcass product for consumers. Commercial producers also have such a low profit margin they can not afford the more costly supplemental breeding aids so they really need the innate ability that is built into the Dorset breed to lamb out of season.

If the Dorset breed does not keep vigilant in selecting for the out of season breeding trait they will just become another meat breed, of which there are plenty of, even more so now with the emergence of hair sheep. The Dorset breed has the versatility with its size, mothering ability, milking ability, carcass traits and quality wool production; it still needs the very most important out of season lambing ability to keep it a step above the other breeds in both the commercial and purebred seedstock sheep industries.

Dear Dorset Breeders,

Welcome to the 2016 Fall Dorset Connection Online Edition. The board made the decision to go with this type of version for the Fall Issue of the Dorset Connection. It was very well received the last couple of years so please let us know what you think!

The Fall Issue has a lot of news and information it as I don't have to worry about costs so we can put in a lot of interesting extra items. So, please make sure you check everything out.

The Winter and Summer/Spring Dorset Connections will remain as printed issues and will be mailed directly to our membership and will also be utilized for promotional purposes for the Dorset breed during the spring & summer events. The Winter issue will also be mailed to everyone who bought a registered Dorset last year.

Enjoy the color pictures and ads, as it costs nothing to add this feature with the online version. This newsletter will be emailed directly to all CDC members that have a current email on file with the CDC office and will also be available on the CDC Website.

Thank you for your continued support and enjoy the newsletter!
Editor, Deb Hopkins

LETTER FROM CDC PRESIDENT DICK REECE

The weather is finally starting to cool down from the hot we seemed to have forever. It was great to see everybody at the All American Jr. Show this summer. We had a marathon show on Sunday for the Dorsets. I think everybody that was there will agree that the quality was tremendous from top to bottom in all of the classes. The female classes were extremely deep with quality throughout. We should give a big shout out to the Michigan Sheep Breeders for a tremendous show and family weekend. It was also great to see all of the Dorset exhibitors and families that came to the lunch we fixed for them on Saturday. Thanks to all of those that helped in any way to prepare the lunch. "Great Job!"

The Regional Jr. Shows that were held this summer had good turnouts – numbers and quality. We would like to thank all who donated towards the shows and the All American show. We could not give all of the prizes and money that we do without your help.

We had the pleasure of exhibiting at three state fairs this summer and if the number and quality at these shows of Dorsets indicate anything, it should not leave any doubt that the NAILE will be as strong as ever.

Hoping fall lambing for everybody is in full swing and going well. We look forward to seeing everybody at NAILE in November. I hope that the added classes at the NAILE are represented with good numbers. Over the years, we keep hearing that we need to slick shear our Dorsets and fitted Dorsets are not in demand. I think Dorset breeders and exhibitors have more options than any other breed as far as what kind of Dorsets you like and want to raise and exhibit. I would like to see a lot more numbers in our slick classes at these shows and sales in the future. I would also like to thank our Dorset breeders for your continued support and donations for the All American Jr. Show and Regional Jr. Shows.

Let's thank all of our directors and Debbie for all they do to help work towards making this great breed better.

Dick Reece, CDC President

DORSET PROMOTIONAL ITEMS AVAILABLE

-Dorset Baseball Caps: Cotton twill available with either a embroidered Polled Ram Head or Horned Ram Head. Hat colors: Sage Green or Chocolate Brown. **Cost is \$15.00 which includes shipping & handling.**

-History Book of The Continental Dorset Club & The Dorset Sheep: This book is 186 pages containing over 300 photos of Dorsets and those who have led the breed. **Cost is \$15.00 includes shipping & handling.**

-Registration Paper Three Ring Binder: An 11" x 8 1/2" green vinyl covered 1" wide three ring binder with 10 sheet separators to get you started! CDC logo on front cover. Holds up to 100 sheets. **Cost is \$10.00 includes S & H.**

-Ram Head Decals: Polled or Horned ram head available in two sizes. Large 12" diameter and small 6" diameter. **Cost is \$6.00 for the large decal and \$4.00 for the small decal.**

-Plastic Travel Bag for Carry-On Liquid Items: Zippered 8" X 8" Clear Plastic Bag with CDC Logo for air travel carry-on liquid items. **Cost is \$3.00 which includes shipping & handling.**

**SEND YOUR PAYMENT TO:
CDC, P.O. Box 506, N.Scituate, RI 02857**

MEET YOUR NEW CDC DIRECTORS & BOARD NEWS

**Great Plains
Region Director
Jerry Gross**

I am excited to have the opportunity to represent the Great Plains Region in a director role. Along with my wife Tracy and children Kyle and Hannah, we own and operate GT Sheep Co. in northeast Nebraska. Our current flock, established in 2004, consists of around 50 ewes and Dorsets are a key component of the operation. We are active Dorset exhibitors at local, state, and national shows and sales.

Like many other breeders, my interest in sheep started as a 4-H project and registered Dorsets were part of it beginning in the mid 1980's. I graduated from University of Nebraska, majoring in Animal Science, where I was on the Livestock Judging Team and I am still active judging sheep shows today. My career in the animal health field provides insight to the issues facing livestock producers today. I serve on the Livestock Advisory Committee to the Nebraska State Fair Board and local church council.

While serving as a CDC Director, my priorities are, youth involvement, expanding the market for registered Dorset sheep, and serving the current membership.

The CDC has done a great job with Junior members and youth should continue to be an area of focus in going forward. These young people represent the next generation of sheep breeders and attracting them to get started or stay involved with Dorsets

should continue to be a priority. The Dorset Ewe Futurity and Youth Dorset Ewe Grant are great programs that increase the interest of juniors to the breed.

The versatility of the Dorset breed provides the opportunity for promotion to many segments of the sheep industry. Continuing the focus of attracting new breeders and markets for Dorsets is critically important. The Dorset Advantage program is a great example of a way to draw more people to the breed through expanded exhibition and marketing opportunities.

**Western
Region Director
Bob Heuvel**

Hi, I'm Bob Heuvel and I am honored to serve as your Western Region representative on the Board of Directors of the Continental Dorset Club.

I believe that the things we do best are those things for which we have the most passion. Early in life, I found my passion for the agriculture industry and in helping young people develop into productive and contributing adults. As a result, I became an agricultural education instructor and FFA advisor. During my very first year of teaching I was fortunate to work with two great teachers who also were outstanding sheep producers. They had passions for teaching young people and also for producing quality sheep. Their enthusiasm was contagious and I too developed a passion for sheep production and purchased my first sheep to start a small flock. I started with what I considered the

breed with the most diverse production strengths to be my chosen breed; Dorset.

Over the next 40 years my passion for sheep has only grown through involvement in producing frame and wether-sire type Dorset, Hampshire, and crossbred sheep. Today, Heuvel Club Lambs, includes 60 head, 18 being Dorset, that provide rams and ewes for purebred and commercial producers as well as breeding stock and market lambs for youth exhibitors. Along with my breeding experience, I also enjoy opportunities to evaluate breeding and market sheep in open and junior divisions at district and county fairs. Whether making breeding decisions in my own barn or evaluating others stock in the show ring the focus always is on "how could they be better".

Recently, I retired as the State Supervisor of Agricultural Education and FFA Advisor in California. Retirement provides me the opportunity to devote more time for my strong passion for raising and promoting sheep. I have chosen to expand my flock and my involvement by again concentrating on my original breed of choice. I look forward to utilizing the knowledge and skills acquired as an experienced educator, member of numerous state and national boards and committees, and sheep breeder to work for the betterment of the Dorset breed and the Club. Again I ask "how could they be better" when considering the Dorset breed and the Club efforts. My focus is on: 1) being a voice for all aspects of the Dorset breed, 2.) provide opportunities for increased junior involvement, and 3.) improve/expand promotion and marketing opportunities. I realize that the best decisions are most often those that involve significant input by stakeholders with diverse views. I would welcome hearing your views and learning from each of you about issues and possible solutions for challenges faced in your flock, the Dorset breed, or our Club.

I welcome this opportunity to represent you and I will do my best to represent all members with integrity and optimism.

EASTERN & NORTH CENTRAL NOMINATING COMMITTEES

The Eastern and North Central Regions will be electing directors next year. Following are the nominating committees for these elections:

***Eastern Director Nominating**

Committee: *Chairman:* Coulter Passwaters, 9027 Shepherd's View Lane, Bridgeville, DE 19933, (302)542-6061
-Lynn Laudenslager, 559 Flying Eagle Rd., Dalmatia, PA, 17017 (570) 847-9817

-Eric Ellison, 1955 Edwina Bridgeport Rd., Newport, TN 37821 (423) 237-8942

***North Central Region Director**

Nominating Committee: *Chairman:* Aaron Crome, 12172 E 1900th Rd., Marshall, IL 62441, (217)889-5300
-Devon Volkow, 20147 435th Ave., DeSmet, SD 57231 (605) 603-1149
-Kevin Minish, 1542 CR 386, Holts Summit, MO 65043 (573) 680-6460

If you are interested in running for director and reside in one

of these regions please contact a member of the appropriate nominating committee by January 1, 2017.

These committees need to have their slate of nominees with resumes into the CDC Office by January 15, 2017. The CDC adult membership in these districts will be voting later that month for their directors. The newly elected directors term will take effect as of September 1, 2017. The regional director is asked to attend at least two board meetings per year, one in person at the National Sale site and one tele-conference. They are also responsible for organization of the regional junior Dorset show in their region.

Current Eastern Director Coulter Passwaters is retiring off the board as he has served six years. Thank you Coulter for your great service to the board and the Dorset breed! Current North Central Dick Reece is just coming off his first term and is eligible to run again for a second term.

The CDC needs interested breeders to help navigate the Dorset breed through these changing times in the purebred sheep industry. If you are interested in becoming a CDC director

please contact a member of the nominating committees. Your willingness to serve is greatly appreciated.

CDC FALL BOARD TELEPHONE MEETING

**December 8,
2016**

7:30 PM EST

If you have any item you would like to be addressed by the CDC Board please contact a director before this date. Your input is very important to the functionality of this breed association!

DORSET COMMERCIAL CONNECTION

Use Flock Records to Set Goals and Make Selection Decisions

by *Melanie Barkley, Extension Educator*
Penn State University

Where are you going? In the sheep business, many of us might be headed to the barn, headed to a sale, or heading out to the pastures to check on sheep. Yes, that tells where we are going at that point in time, but where are you headed in the future? Do you have any production goals for your flock?

Developing goals starts with a good set of records so that you can determine where you are at right now. You have to know where you are at in terms of production levels in order to set your goals. Production records can be used to look at a variety of traits including lambing and weaning percentages, weaning weights, post weaning weights and even carcass data. Progressive producers may even have records on the average ewe age or even the average weaning weight across the flock. So, where do you start?

The National Sheep Improvement Program, NSIP, produced a Ram Buying Guide in 2015 that has some excellent examples of performance traits. Again, the key is knowing where you are at and then forming goals for where you want to go. Let's consider an example of Dee Dee's Dorsets.

Dee Dee bred 50 ewes last fall. She did a fair job of flushing the ewes, but was running short of time and cash so she just borrowed her neighbor's ram so that she would have lambs born in March. She knew very little about this ram's pedigree or performance background. But, she's learning about how to improve her flock and so took the time to analyze some of her records. Here is what she has so far:

Production Trait	Current Production	Goal	Priority	Percentile/EBV
Lambing rate (number lambs born per ewe)	158%	200%		
Weaning rate (number lambs weaned per ewe)	145%	190%		
Average Weaning weight	64 lbs.	75 lbs.		
Average loin eye area	No clue, but they look pretty small			
Average back fat thickness				
Average ewe fleece weight				
Average fiber diameter				
Parasite resistance				

Flock Improvement Worksheet from NSIP Ram Buying Guide

Dee Dee took the Penn State Extension Sheep Home Study Course a couple years ago and was encouraged to strive for twins that weigh at least 45 to 60 lbs. or more by 60 days of age. Dee Dee notes that not only is she behind in the lambing percentage, but she feels she is losing too many lambs between birth and weaning. She is happy that her lambs weigh more than 60 lbs., but she

feels she could do better. She sets goals for both of these traits and then needs to consider how to reach those goals. Her first chore will be to select a higher quality ram to breed to her ewes this fall. How will she identify the superior traits in a ram so that she is more confident that these traits will carry over to her replacement ewe lambs?

Dee Dee decides to look for a ram with performance data. So, she locates a producer within a few hours drive who keeps performance records, and also has EBV data from NSIP. She knows that her buyers prefer heavily muscled lambs and that her income depends greatly on both the number of lambs she has to sell as well as their weight. (In other words, Dee Dee is very interested in both terminal and maternal characteristics.) Here is some of the data that the ram owner has on the rams he has for sale:

Ram ID	Birth/Weaning Type	Weaning Weight	Loin Eye Area	Back fat thickness
1	Tw/Tw	75	2.5	.1
2	Tw/S	77	2.4	.2
3	Tw/Tw	68	2.2	.1
4	S/S	75	2.3	.2

Hmm, Dee Dee thinks all the rams look good, but then she isn't quite sure how to evaluate the data. She would prefer a ram born as a twin, but when she questions the seller he tells her that ram 4 was produced by a yearling ewe. To make this data more clear, Dee Dee needs to either adjust the weaning weights or she needs EBV data. (For information on how to adjust weaning weights, check out the Sheep Production Handbook produced by the American Sheep Industry Association.) Luckily, Dee Dee has some EBV data to look at:

Ram ID	Birth Weight EBV	Weaning Weight EBV	Eye Muscle Depth	Rft Thickness	Number Lambs Born
1	.12	2.70	.9	-2.9	-.8
2	-.20	.97	1.73	-3.17	.15
3	-.02	4.1	1.1	-2/29	1.4
4	.18	3.95	2.3	.2	4.6

Now, Dee Dee is better able to make her selection. She chooses ram 4 for several reasons. She would expect his lambs to have higher weaning weights and have more muscle. The fat thickness may be a little higher than she would prefer, but she likes to run her ewes on grass so she feels this could help maintain good body condition for this ram's daughters. And, the higher number lambs born could help increase lambing percentages from his daughters. Dee Dee also realizes that she could be wrong in her assumptions because she doesn't currently have data on her ewes. But, she has more confidence in selecting a ram with performance data as compared to choosing a ram with no data at all. And, this gives her a good start to developing EBV data for her flock.

For more information about NSIP, check out their website at <http://nsip.org/>. Even if you don't enroll your flock, remember that you can still utilize performance data by purchasing rams and replacements ewes that have EBV data. Another bonus is that NSIP waives the enrollment fee for first time participants. So, take the guesswork out of your selection decisions and choose sheep with data!

ANNOUNCEMENTS

2016 NAILE NEW SCHEDULE AND EXHIBITOR INFORMATION

The Dorsets will once again be showcased at the upcoming National Dorset Shows during the North American International Livestock Exposition in Louisville, KY.

Following is a schedule of specific Dorset events:

-Junior Breeding Sheep Showmanship: Friday, Nov. 11th, 10:00 AM, Katherine Kuykendall judging.

-Junior Market Lamb Showmanship: Friday, Nov. 11th, 4:00 PM, Logan Newsom judging.

-Lead Classes: Friday, Nov. 11th, 4:00 PM

-National Junior Dorset Shows:

Saturday, Nov. 12th, 8:00 AM, Polled Dorsets, Dorset Advantage & Horned Dorsets, Ring Two, probable judge Kyle Thayer

-Junior Show Dorset Market Lamb Show: Saturday, Nov. 12th 8:00 AM, Brian Reilly judging

-National Junior Dorset Association Annual Meeting & Pizza Party:

Saturday, Nov. 12th, 7:00 PM, Meeting Room C105. Futurity results announced.

-National Open Dorset Shows:

Wednesday, Nov. 16th, 8:00 AM, Polleds first followed by Horneds. Jeremy Bradford will be judging the Polled Dorsets and Judy Moore will be judging the Horned Dorsets.

Don't forget that in the Junior Dorset Shows: They have made changes to the junior show weekend schedule once again so, please be aware of the new schedule. Breeding Sheep Showmanship will be Friday at 10:00 AM. The classes will be divided by age and all breeds will show together. Please make sure you review the special rules in the Dorset section of the premium book for both the open and junior shows as they will be adhered to.

The Dorset Advantage Show has been added to the Junior Show. It does not appear on the show schedule but they will be judged following the Polled Dorsets and before the Horned Dorsets. Also, there have been new specific wether sire and dam classes added to the junior shows. The new CDC slick shearing policy will be adhered to as it appears in the premium book.

For open show exhibitors: In addition to sending in your entries and

entry fees to the NAILE when entering the show, please don't forget to send in the matching \$10.00 per individual entry in the Open Polled and Horned Dorset shows directly to the CDC Office. This enables the CDC to provide matching funds and to guarantee at least \$10.00 per individual entry in premiums. **These matching funds need to be sent to the CDC office ASAP if you haven't done so yet.** Please note that junior show sheep do not have to send in matching funds unless they are staying on to be shown in the open shows.

There have also been new specific wether sire and dam classes added to the Open Polled and Horned Dorset Shows. Since, Dorsets are being shown on Wednesday and they have shortened the Open Show by one day, so exhibitors showing only Dorsets in the Open Show, will not be allowed into the barn until Monday, November 13 at 8:00 AM. Please be aware of this and make plans accordingly.

For those of you unable to attend the shows in person, all shows can be viewed live streamed by going to the North American International Livestock Show website.

Looking forward to seeing everyone in Louisville this year and to another great set of National Dorset Shows!

2016 DORSET EWE FUTURITY UPDATE

The Dorset Ewe Futurity Program has once again been active this year with point records forms coming into the CDC office. A total of \$4,175 has been raised to pay out to the participants of the Dorset futurity divisions.

We had two group nominators this year, Cassell Horned Dorsets, VA and Casey Sidwell, CO. Thank-you to the 59 nominators for supporting this program once again! A complete list of all the breeder nominators are listed on the back cover of this newsletter. 162 ewe lambs have been nominated this year, 114 polled ewe lambs, 12 Dorset Advantage and 36 horned dorsets. Of those, 70 have been designated by their new junior owners for participation in the futurity program. To date the CDC office has received point record forms from 29 of these junior owners.

The CDC accepted nominations from online sales this year and a total of 32 nominations were made by breeders in on

line sales. 13 junior buyers picked up futurity nominated animals. Remember this next year, that even though you can not physically get to a sale, the online sales offer you an great opportunity to get a futurity nominated ewe lamb.

The Dorset Advantage ewe lamb division had more nominations this year and two juniors are participating for premiums. As breeders of "Dorset Advantage" ewe lambs we really need to get this word out to the junior buyers about this opportunity to earn premiums to help offset the cost of their animals. Some are concerned since they don't have specific Dorset Advantage classes at shows they can't get enough points but it is relative and shows are getting classes put in.

Don't forget that you don't have to show at a regional junior show to be eligible for premiums but exhibitors are still rewarded for attending regional shows as they are awarded double points.

These point record forms need to be received in the CDC office within 21 days of the date of the show or they will not count. They also need to be signed by show management. Deadline to send in Regional Point Record forms into the CDC Office is Nov. 7, 2016.

This allows the office enough time to tabulate final regional placing before Louisville. Those regional points will carry over to your Louisville junior show placing if you are attending that show to compete for the separate Louisville premiums.

The yearling ewe division had 12 yearlings nominated. Keep sending those point record forms in on the yearling ewes. The yearling ewe futurity will also end at the National Junior Dorset Show in Louisville like the ewe lamb program.

Since the Annual NJDA Meeting is now post junior show, the regional polled ewe lamb winners and all the final placings for the Polled Ewe Lamb, Horned Ewe Lamb, Dorset Advantage Ewe Lamb and Yearling Ewe divisions will be announced and awards presented at the meeting. The meeting is scheduled for 7:00 PM Saturday November 12, 2016 in meeting room C105. The awards will be given out along with the breeder recognition. Please make plans to be on hand to receive your awards.

The futurity points are updated on a regular basis on the CDC website to keep everyone apprised of point totals. If you have any questions please feel free to contact the CDC Office. The final update will be posted the week before Louisville.

DORSETS REIGN SUPREME

The Dorset breed has been enjoying a very successful show season this year from coast to coast, as the breed has been named Supreme in many show ring events. Congratulations to all the exhibitors and breeders of these winning animals. **TOP LEFT:** Northeast Youth Sheep Show, Supreme Champion Ram, Champion Polled Dorset Ram, January Ram Lamb - Scotch Lane 6364. Bred by Madelyn Syme and shown by Evan Syme, South Windsor, CT. **ABOVE:** Keystone International Livestock Exposition, Supreme Champion Ewe, Champion Polled Dorset Ewe, Yearling Ewe - Lauden Acres 923. Bred and owned by Lauden Acres, Dalmatia, PA. **LEFT:** Oregon State Fair, Supreme Champion Ewe, Champion Dorset Ewe, Yearling Ewe - Klampe 501. Bred and shown by Ashley & Kristine Klampe, Jefferson City, Oregon. **BELOW LEFT:** Kentucky State Fair, Supreme Champion Ram, Grand Champion Polled Dorset Ram - McDaniel 15-2. Bred by McDaniel Ranch, Greenfield, IN and shown by Thistle-down Dorsets, Colfax, IN. **BELOW:** Illinois State Fair Junior Show, Supreme Champion Ewe, Polled Dorset Ewe, Yearling Ewe - McDaniel 15-22. Bred by McDaniel Ranch, Greenfield, IN and shown by Taylor Crouch, Maroa, IL.

YOUTH NEWS

2016 MICHIGAN ALL AMERICAN JUNIOR SHOW

The 2016 All American Junior Show was held at the Michigan State University Livestock Pavillion, East Lansing, MI on July 1-3, 2016. This is one of the favorite venues for the show and it was very well attended. The Michigan hosts, headed up by Judy Moore, Karen Scovill and the Michigan Sheep Breeders and MSU, did a fantastic job of fundraising and hosting to have special events like an ice cream and pie social, complimentary breakfasts, basket ball pizza party and a Saturday night BBQ with fun houses. Thank-you to all of them for hosting the All American in Michigan!

There just over 1900 sheep entered, and 1667 head actually came and showed. There were 372 exhibitors from 25 different states exhibiting 19 different breeds. Making this the largest All American to date.

The Polled & Horned Dorset and Dorset Advantage shows were held on Sunday and were judged by Mike Bishop. The quality of the shows were exceptional as always. The Dorset show had excellent participation as 160 head of Polled Dorsets were shown, 15 head of Horned Dorsets and 40 head of Dorset Advantage. Congratulations to Olivia

Waggoner, PA ; Keegan Joel Padgett, IN; and Madelyn Syme, CT for being named the top guns for the Polled, Horned and Dorset Advantage shows respectively. All the show results and photos can be found later on in this newsletter.

The National Junior Dorset Association had their Summer BBQ lunch on Saturday for all the Dorset families. There were several new exhibitors to the All American this year and it was great to get to meet everyone. Thank-you to the Dorset families and the National Junior Officers that helped out with the event, especially the Reece & Vandeventer families for shopping, cooking and serving! The CDC handed out several first time Dorset Showman mementos to the Dorset exhibitors at this year's All American and they all did a great job!

The Dorset juniors represented very well in the events held during the weekend. Following are some highlights of their accomplishments:

-Blake Kessler, IN: Member of 2nd Place Basketball Team.

-Ava Leader, IN: 3rd Individual Showmanship

-Kennedy Mitchell, IN: 1st Individual Showmanship

-Thomas Vandeventer, IL: 2nd Individual Showmanship

-Landon Bewley, IN: 1st Individual Showmanship

-Ty Hodel, IL: 2nd Individual Showmanship, 2nd Beginner Photo

-Breanna Knittel, IL: 1st Individual Showmanship, 3rd Junior Judging

-Keegan Padgett, IN: 1st Individual Showmanship

-McLayn Musick, IL: 2nd Individual Showmanship

-Ethan Hodel, IL: 3rd Individual Showmanship

-Olivia Waggoner, PA: 1st Intermediate Judging, Champion Polled Dorset Fleece, 1st Team Showmanship, 3rd Intermediate Ad Layout

-Madelyn Syme, CT: 1st Team Showmanship, 1st Beginner Photo, 2nd Beginner Poster

-Morgan Inbody, OH: Champion Horned Dorset Fleece

-Heidi Barkley, PA: 1st Intermediate Ad Layout, 1st Intermediate Essay, 2nd Intermediate Photo

-Kara Hodel, IL: 1st Junior T-Shirt

-Taylor Crouch, IL: 3rd Beginner Poster

-Evan Syme, CT: 3rd Intermediate Essay

-Casey Lobdell, WI: 2nd Senior T-Shirt

A big thank-you also goes to all the Dorset breeders that donated ewe lambs, sponsored classes and purchased raffle tickets that help to support this special junior show. The Dorset breed actually supports three shows and with out the breeder support it would not be possible. Thanks to all of you the Dorset breed easily matched their breed sponsorship level.

Plans are underway for the 2017 All American Junior Show. It will be held at the Alliant Energy Center in Madison, WI from June 30-July 2, 2017. This will be the second trip back to Wisconsin for the All American and it will be in a top notch air conditioned facility. A Wisconsin organization committee is being formed so anyone that would like to help out please let me know, Deb Hopkins 401-647-4676. Hotel blocks have been reserved and look for up to date information on the show at the AAJS web site:

www.allamericanjuniorshow.com

Looking forward to seeing everyone next summer!

2016 NATIONAL JUNIOR DORSET ASSOCIATION ANNUAL MEETING IN LOUISVILLE

The National Junior Dorset Breeders Association will hold its annual meeting in Louisville on Saturday night, November 12, 2016 at 7:00 PM in the Kentucky Exposition Center South Wing, meeting room C105.

The meeting will feature an election of next years directors, presentation of the 2016 scholarship awards, ***presentation of the regional & final 2016 futurity awards from the show***, awarding of the First Time Dorset Showman brushes and a pizza party for all the Junior Dorset members and their families. Make plans now to attend the National Dorset Junior Association Annual Meeting and pizza party. Come and meet all your fellow Dorset exhibitors!

CDC & NDJA YOUTH DORSET EWE PURCHASE GRANT PROGRAM

The National Junior Dorset Association and the CDC introduced a grant program for youth to use towards the purchase of a Dorset ewe and it has been very successful for the past three years. The associations awards three \$500 grants annually to be used towards the purchase of a registered Dorset female.

The purchase does not need to be done through a public consignment sale as on farm purchases are also eligible. The program is open to youth in three age divisions: Junior 8-10 years; Intermediate 11-14 years and Senior 15-18 years. An individual may win each division only one time. The applications are due December 1st of the current year. The winning applicants will receive their grant money upon the completed transfer of the ewe purchased into their names. Ewes purchased may be of any age or type of registered Dorset, but may not

LETTER FROM NJDA PRESIDENT JOHANNA DEJORIA

Hello Everyone!

While moving across the nation for college was a bit daunting to say the least, I found comfort in the fact that Cornell has a herd of sheep. To make the heard even more appealing and make me less homesick, they are Dorset crosses. Our breed is not only one of the most popular but it's versatility is hard to top. Dorsets have seen their fare share of history from being strictly Horned Dorsets, to Horned and Polled Dorsets and now to Horned , Polled and Advantage Dorsets. As our industry changes the Dorset breed has shown true endurance and adaptability while still maintaining our true values and breed standard.

From show to show throughout the summer, we have the opportunity to not only showcase the latest and greatest of our own strings but to also reconnect with our family, friends, mentors and mentees. Across the regions, the Junior Dorset shows saw great success. July held a lot of fun with the All American Jr. Sheep Show in East Lansing, Michigan, the North Central Region Jr. Dorset Show in Arthur, Illinois, and the New England Regional Jr. Dorset Show in West Springfield, Massachusetts. The All American boasted over 40 Dorset Advantage, over 15 Horned Dorsets and over 160 Polled Dorsets, with slick shorn classes, market classes and fitted classes offered. August hosted the Great Lakes Regional Jr. Show in Columbus, Ohio, and the Western Regional Jr. Dorset Show in Salem, Oregon. With the Great Lakes Jr. Show having over 80 head of Dorsets, offering both slick and fitted classes. The Western Regional Jr. Dorset Show Champion Ewe went on to win Supreme Champion Ewe in the Junior Show and Open. And in October we will see the Great Plains Regional Jr. Show in Tulsa, Oklahoma and the Eastern Regional Jr. Show in Harrington, Delaware. Both great options for winning some Futurity points, since the 2016 show season will soon be at it's finale.

In November we will finally be upon the show we've waited for all year, The North American International Livestock Exposition. With every year of improvement among our breed, we are please to announce that Dorset classes are expanding! Our Junior Dorset show will welcome classes for the Dorset Advantage participants and specific Dorset Wether Sire and Dam classes in accompaniment with our slick shorn and fitted breeding sheep classes. The Junior Polled, Horned and vantage Dorset Show will commence Saturday, November 12th. As Junior members, it is our responsibility to take and make the opportunities to expand and improve our industry and breed. These opportunities come in many forms, from on the farm to in the show ring, our participation today ensures the shows of tomorrow. I can't wait to see you all at our next annual meeting and pizza party in conjunction with the NAILE!

Johanna DeJoria, NJDA President

YOUTH NEWS, cont.

be purchased from a family member.

2016 recipient Kyle Gross, NE bought a ewe lamb privately from Huntrods Dorsets, Collins, IA; Emma Otto, WI bought a ewe lamb from Mennen Club Lambs, IN in an online sale; and Callie Mowery, IL purchased a futurity nominated ewe lamb from Thistledown Dorsets, IN at the National Dorset Sale in Illinois.

A very simple one page application form is available on the CDC website or you may contact the CDC office to forward you a copy. If you have applied previously but haven't yet been selected please do so again. Please get an application in today or get to an interested youth today!

2016 TRACY REPASKY NATIONAL JUNIOR DORSET ASSOCIATION SCHOLARSHIP ANNOUNCED

This year only one application was received but she is a very worthy applicant that was selected to receive the 2016 National Junior Dorset Association Tracy Repasky Scholarship. The following deserving recipient will be recognized at the upcoming NJDA meeting in Louisville:

Rebecca Helton

SPECIAL ROSETTES

AVAILABLE FROM THE CDC

Pictured to the right is Julia Galvin, exhibitor of the Champion Dorset Ewe at the Marion County Fair in Salem, Oregon. Congratulations, Julia!

The special rosette that Julia's ewe is sporting was donated by the Continental Dorset Club through the special rosette program. This program has been in place for many years and if you run a show where you would like to promote and support Dorset junior exhibitors by offering these awards, please contact the CDC office and we will be happy to get your event included. As attested by this picture, it puts smiles on our young exhibitors!

Rebecca Helton, Macon, MO is currently a Junior at the University of Missouri-Columbia majoring in Hospitality Management-Conference and Event Planning. She is learning to creatively plan events, manage large facilities, and establish a business. It is her dream to work for an agricultural business helping organize large events such as NAILE, State Fairs and agricultural conventions, and one day to own her own business.

Rebecca was an eleven year member of the Macon Easy Riders 4-H Club where her emphasis was on her horse, sheep and sewing projects. She started raising Dorset sheep with her older brother Andrew in 2002, and they have raised and showed every year at the local, district and state fair. They were Premier Dorset Exhibitor at the 2015 Missouri State Fair. Rebecca has been an exhibitor at NAILE with her Dorsets and has been very successful in the headline competitions.

Rebecca was also a FFA member in the Macon FFA Chapter. She received her American Farmer degree last year. She held many chapter offices and was also Area III FFA 1st Vice President. She also won many awards in FFA including Outstanding Supervised Agricultural Agricultural Experience Project for two years running in her chapter.

Rebecca graduated from Macon High School in 2014 with an

3.8 GPA when she also received the Missouri Youth in Agriculture Scholarship and the Missouri State 4-H Scholarship. She was her National Honor Society's Vice President and member of the Varsity Track Team.

Rebecca has been heavily involved in collegiate activities. She is a member of the Mizzou Collegiate 4-H, Sigma Alpha Professional Agricultural Sorority where she has served as their activities chairman. She is currently a third year 4-H sewing project leader and is mentoring her 10 year old neighbor who has a starter flock of sheep.

Good luck to Rebecca in her future endeavors. Congratulations!

THANK-YOU TOM DIEL Morrison, OK

Tom started the Great Plains Regional Junior Dorset show, held in conjunction with Tulsa State Fair, 11 years ago when he was serving as CDC Great Plains Director, to where it has grown to set a record this year of 69 animals and 29 exhibitors! Tom will be ending his tenure as the show's manager but the show will continue at Tulsa. Thank-you Tom for your service and dedication to our Dorset junior breeders!

REMINDER to all Dorset Breeders: Ewe lambs can be nominated at consignment & production sales, and online sales. Polled breeding sheep, horned breeding sheep, wether dam lambs and "Dorset Advantage" ewe lambs all can be nominated! Also, the junior buyers can re-nominate their ewe lamb purchase the following year for the Yearling Ewe Futurity.

THANK YOU FOR YOUR SUPPORT!!
