Fall 2017

NSIP : DORSET BREEDERS UTILIZING THE PROGRAM EXTENDING

Dorset breeders enrolled in the NSIP program is expanding and creating more accurate data performance numbers for the breed. This data is provided in EBV's and they can actually be supplied to the CDC when registering your animals and put on your registration papers at no additional cost.

NSIP has added a new Eastern Sale this year that was held in Wooster, OH to their already existing one in Iowa. Purebred registered Dorsets were sold in both sales and actually had more participation in the new sale. The demand for "Dorsets with numbers" is increasing in the commercial world as producers are operating on small profit margins so obtaining breeding stock that can assist in increasing lambing percentages and increase pounds of lamb weaned per ewe, becomes ever so important.

Estimated Breeding Values or EBVs are science-based, industry-tested measurements of heritable traits that can be tracked and measured. EBVs are proven to improve on-farm productivity and enhance breeding decisions.

Many economically important traits cannot be determined by visual appraisal alone. Using EBVs is the proven method of accurately predicting if an animal will pass on important traits such as growth rate, reproductive proficiency, carcass quality, wool

NSIP

National Sheep Improvement PROGRAM

quality, and parasite resistance.

EBVs begin with on-farm production data but then convert it to actionable genetic information. Performance data is adjusted for variables that are not related to genetics, such as flock management techniques. And, EBVs are calculated on the performance of the individual animal, related animals in the same flock, and related animals in other flocks.

For breeders interested in enrolling, NSIP has a great website to check out the program further at nsip.org

Dear Dorset Breeders,

Welcome to the 2017 Fall Dorset Connection Online Edition. The board made the decision to go with this type of version for the Fall Issue of the Dorset Connection. It was very well received the last few years so please let us know what you think!

The Fall Issue has a lot of news and information it as I don't have to worry about costs so we can put in a lot of interesting extra items. So, please make sure you check everything out.

The Winter and Summer/Spring Dorset Connections will remain as printed issues and will be mailed directly to our membership and will also be utilized for promotional purposes for the Dorset breed during the spring & summer events. The Winter issue will also be mailed to everyone who bought a registered Dorset last year.

Enjoy the color pictures and ads, as it costs nothing to add this feature with the online version. This newsletter will be emailed directly to all CDC members that have a current email on file with the CDC office and will also be available on the CDC Website.

Thank you for your continued support and enjoy the newsletter!
Editor, Deb Hopkins

LETTER FROM CDC PRESIDENT DICK REECE

This has been a summer and early fall for the books. In our area, we started feeding hay by the end of July and stayed dry for the months of August and September. We finally got measurable amounts of rain the first week of October and the grass is starting to green back up. I hope the other parts of the country have been better blessed with rainfall.

As we finish up the summer show season and get ready for the NAILE, the numbers and quality have been tremendous for the Dorset breed from the All American to all of the Regional shows and State fairs.

In speaking of the All American, it was the largest ever and the facility was a great place for all of our families and animals. I think we need to thank all of the people that help make this possible. Our secretary, Debbie Hopkins, is one the major pieces to this puzzle. I don't think a lot of people realize the extra time and effort she devotes to this show every year. Thanks Deb, we are lucky to have you!

NAILE time is approaching at a rapid pace. Just a reminder – we have some changes this year. We will have three divisions for the Premier Exhibitor – fitted, slick shorn, and wether sire & dam. The judges for the 2017 NAILE are Jr. Show – Dustin Cruit and the Open show – Matt Scramlin.

The Jr. members and their families will have their annual meeting and election of officers for 2018 during NAILE weekend. The awards for our futurity winners will be presented at this meeting as well as scholarship winners. The time and place will be announced that weekend.

I look forward to seeing everyone at NAILE. If you have any questions about any changes or any other subjects, I encourage you to contact your Regional Director or you can contact me or Debbie.

Dick Reece, CDC President

DORSET PROMOTIONAL ITEMS AVAILABLE

-Dorset Baseball Caps: Cotton twill available with either a embroidered Polled Ram Head or Horned Ram Head. Hat colors: Sage Green or Chocolate Brown. **Cost is \$15.00 which includes shipping & handling.**

-History Book of The Continental Dorset Club & The Dorset Sheep: This book is 186 pages containing over 300 photos of Dorsets and those who have led the breed. **Cost is \$15.00 includes shipping & handling.**

-Registration Paper Three Ring Binder: An 11" x 8 1/2" green vinyl covered 1" wide three ring binder with 10 sheet separators to get you started! CDC logo on front cover. Holds up to 100 sheets. **Cost is \$10.00 includes S & H.**

-Ram Head Decals: Polled or Horned ram head available in two sizes. Large 12" diameter and small 6" diameter. **Cost is \$6.00 for the large decal and \$4.00 for the small decal.**

-Magnetic Bumper Sticker featuring the CDC Logo and the phrase: "The Breed for all Seasons....The Breed for all Reasons". **Cost is \$2.00 each.**

-Plastic Travel Bag for Carry-On Liquid Items: Zippered 8" X 8" Clear Plastic Bag with CDC Logo for air travel carry-on liquid items. **Cost is \$3.00 which includes shipping & handling.**

**SEND YOUR PAYMENT TO:
CDC, P.O. Box 506, N.Scituate, RI 02857**

MEET YOUR NEW CDC DIRECTOR & BOARD NEWS

Eastern Region Director Glenn Stunkel, Jr.

I have farmed our 125 acres in Frederick County Maryland all of my life. It has been in the Stunkel family since the 1800's. We currently have almost 100 head of Registered Polled Dorset brood ewes along with 25 head of Angus cattle.

I am the father of two grown children, Tim and Katie, and have been married to my wife Cheryl for 15 years. We have 3 grandchildren.

We show our Dorset sheep throughout the State of Maryland and into PA. I have been to Louisville, KY to NAILE for several years. I also take sheep to the Ohio Dorset Sale, Illinois Dorset Sale and Midwest Stud Ram Sale. We also offer them for sale here at the farm, both registered sheep and commercial stock and freezer lambs. I also try to support the Junior shows as much as I can.

I am currently the President of The Frederick County Farm Museum. I am also on the Board of Directors of Farmers Co-Op in Frederick Maryland. In the past I have been on the Board of Directors of the Frederick County Farm Bureau several terms and also Maryland Sheep Breeders.

The CDC welcomes Glenn to the board of directors. Glenn was elected last spring to represent the Eastern Region of breeders on the CDC Board and took office on September 1, 2017.

NEW ENGLAND & GREAT LAKES NOMINATING COMMITTEES

The New England & Great Lakes Regions will be electing directors next year. Following are the nominating committees for these elections:

***New England Director Nominating Committee:** *Chairman:* Mike Wright, 233 River Rd., Westmoreland, NH 03467, (603) 852-3089, mkwright.sheep@gmail.com

-Ashley McFarland, 299 Yules Corners Rd., Jordanville, NY 13361, (315) 406-3963, mcfarland10414@gmail.com

-Matt Syme, 404 Main St., South Windsor, CT 06074, (860) 203-1547, scotchlanefarm@cox.net

***Great Lakes Region Director Nominating Committee:** *Chairman:* Steve Gephart, 8495 Hemple Rd., Dayton, OH 45417, (937) 835-5022, ampleamityfarms@aol.com

-Robert Schembs, 8998 N 1050 W, Colfax, IN 46035, (317) 407-1030, attorneyschembs@gmail.com

-David Meeuwse, 3021 16th St., Hopkins, MI 49328, (269) 760-1268, dmmeuwse@gmail.com

If you are interested in running for director and reside in one of these regions please contact a member of the appropriate nominating committee by January 15, 2018. These committees need to have their slate of nominees with resumes into the CDC Office by February 1, 2018. The CDC adult membership in these districts will be voting later that month for their directors. The newly elected directors term will take effect as of September 1, 2018.

The regional director is asked to attend at least two board meetings per year, one in person at the National Sale site and one tele-conference. They are also responsible for organization of the regional junior Dorset show in their region.

Current New England Director Mike Wright is retiring off the board as he has served six years. Thank you

Mike for your great service to the board and the Dorset breed! Current Great Lakes Director Michael Pope is just coming off his first term and is eligible to run again for a second term.

The CDC needs interested breeders to help navigate the Dorset breed through these changing times in the purebred sheep industry. If you are interested in becoming a CDC director please contact a member of the nominating committees. Your willingness to serve is greatly appreciated.

CDC FALL BOARD TELE- PHONE MEETING

**December 7, 2017
7:30 PM EST**

If you have any item you would like to be addressed by the CDC Board please contact a director before this date. Your input is very important to the functionality of this breed association!

DORSET COMMERCIAL CONNECTION

Do Your Sheep Consume Enough Calcium?

by *Melanie Barkley, Extension Educator*
Penn State University

I think all sheep producers understand the concept that sheep require certain levels of minerals in order to stay healthy. Minerals are essential to support skeletal and nervous system functions. But, have you balanced your current mineral program lately with the forages and other feeds that your sheep are consuming? Mineral programs should start with testing forages and other feeds consumed by the sheep. This is the only way to truly evaluate a mineral program. Assess nutrient levels using wet chemistry analysis rather than near infrared (NIR). Not only do you need to evaluate mineral levels in feed rations, but you should also compare ratios of some nutrients.

Calcium levels become particularly important during late gestation. Lambs begin to grow rapidly during the last third of the pregnancy and the ewe requires more calcium in her diet. Consider a 150 pound ewe's requirements that increase from 2.4 grams per day at maintenance levels to 6.5 grams per day in early gestation and then 8.8 grams per day in late gestation if she is carrying twins.

Many forages will meet nutritional requirements of ewes at maintenance and possibly even through mid-gestation. However, rations may need closer inspection to best balance nutrients for late gestation, lactation (milk production), or for growing lambs. Legumes are much higher in calcium than grasses and could better meet calcium requirements. But, simply changing forages is not the answer to better meet nutritional requirements! Keep in mind that the sheep's ration needs balanced with other nutrients as well as protein and energy.

One other major consideration when looking at calcium is the ratio of calcium to phosphorus in the sheep's ration. The recommended ratio of calcium to phosphorus from the Sheep Production Handbook is 2:1, with higher levels tolerable up to 7:1 if the ration contains adequate amounts of phosphorus. In the instance of a ewe carrying twins in late gestation, calcium levels that are too low can result in hypocalcemia, also called milk fever. Clinical signs include weakness, lack of appetite, muscle tremors and inability to stand. Most shepherds would consider pregnancy toxemia as the issue. However, ewes in good body condition that are consuming adequate levels of energy in their feed should not develop problems with pregnancy toxemia. So, the next consideration should be hypocalcemia. Consult your veterinarian for treatment

procedures, which will likely involve administering calcium intravenously to treat the deficiency.

Incorrect calcium to phosphorus ratios can also lead to urinary calculi in rams and wethers. As the calcium to phosphorus ratio approaches 1:1, the incidence of urinary calculi increases greatly. This results when mineral deposits block the urinary tract. Affected sheep have difficulty urinating and often stomp their feet or kick at their belly. This condition is sometimes called waterbelly because the blocked urinary tract can cause the bladder to rupture and result in death. This issue often affects feedlot lambs, but can be prevented by adding ammonium chloride at a rate of 0.5% of the total ration. The ammonium chloride acts by acidifying the urine, which helps to prevent the mineral deposits from developing. A constant supply of clean, fresh water, and access to salt also helps to prevent urinary calculi. In young and rapidly growing animals, calcium works along with phosphorus and vitamin D to produce strong bones. A lamb can develop rickets from deficiencies or imbalances of any of these nutrients, although it is most often caused by phosphorus or vitamin D deficiencies. Rickets appears as swollen ends of the leg bones and lameness. Fractures often occur when lambs suffer from rickets.

Calcium and the calcium to phosphorus ratio is critical to sheep nutritional, but calcium is just one of many minerals important to the overall health of the flock. Always consult with your local veterinarian or a nutritionist to balance rations. Properly balanced rations can result in improved growth as well as reproductive performance within the flock and lead to higher profitability.

Most forages and a good quality mineral mix meet nutritional requirements of mature ewes. But, ewes will need additional mineral supplements, particularly during the last month of gestation.

ANNOUNCEMENTS

2017 NAILE SCHEDULE AND EXHIBITOR INFORMATION

The Dorsets will once again be showcased at the upcoming National Dorset Shows during the North American International Livestock Exposition in Louisville, KY.

Following is a schedule of specific Dorset events:

-Junior Breeding Sheep Showmanship: Friday, Nov. 10th, 10:00 AM, Katherine Kuykendall judging.

-Junior Market Lamb Showmanship: Friday, Nov. 10th, 4:00 PM, Brent Jennings judging.

-Lead Classes: Friday, Nov. 10th, 4:00 PM

-National Junior Dorset Shows: Saturday, Nov. 11th, 8:00 AM, following Montadales; Horned Dorsets, Polled Dorsets, & Dorset Advantage, Ring Two, Dustin Cruit judging

-Junior Show Dorset Market Lamb Show: Saturday, Nov. 12th 8:00 AM, Evan Snyder judging

-National Junior Dorset Association Annual Meeting & Pizza Party:

Saturday, Nov. 11th, 7:00 PM, Meeting Room C105. Futurity results announced.

-National Open Dorset Shows:

Tuesday, Nov. 14th, 8:00 AM, Horneds first followed by Polleds. Matt Scramlin will be judging the Polled Dorsets and Jim Brandt will be judging the Horned Dorsets.

Don't forget that in the Junior Dorset Shows: Breeding Sheep Showmanship will be Friday at 10:00 AM. You need to pre-enter the showmanship show. If you did it online the cost was \$5.00, if you do it at the show entry fee will be \$10.00. The entry fees will be put into jackpot premiums and awards. The classes will be divided by age and all breeds will show together. Please make sure you review the special rules in the Dorset section of the premium book for both the open and junior shows as they will be adhered to.

The Junior Shows features a separate Dorset Advantage show. Also, there have been specific wether sire and dam classes added to the junior shows. The new CDC slick shearing policy will be adhered to as it appears in the premium book.

With the new release policy, technically junior show Dorset exhibitors can leave Saturday night after the show, but the National Junior Dorset Association

strongly encourages exhibitors to wait and attend the meeting & pizza party get together for the Juniors on Saturday evening at 7:00 PM. Last year this was a great event as the futurity & scholarship awards were presented, and NDJA annual meeting and elections were held. It is our one opportunity to gather all the Dorset juniors and their families together to recognize our junior Dorset breeders and get to know each other. There is no other opportunity to have this meeting with this new release schedule so please make plans to attend.

For open show exhibitors: In addition to sending in your entries and entry fees to the NAILE when entering the show, please don't forget to send in the matching \$10.00 per individual entry in the Open Polled and Horned Dorset shows directly to the CDC Office. This enables the CDC to provide matching funds and to guarantee at least \$10.00 per individual entry in premiums. **These matching funds need to be sent to the CDC office ASAP if you haven't done so yet.** Please note that junior show sheep do not have to send in matching funds unless they are staying on to be shown in the open shows.

Since we now have three types of Dorsets being shown, there will be three Premier Exhibitor banners presented: Fitted, Slick Shorn and Wether Type. Group classes are still shown together, and the groups must be of the similar division to participate in the classes, this is primarily because the flock class placing breaks ties in premier exhibitor calculations.

For those of you unable to attend the shows in person, all shows can be viewed live streamed by going to the North American International Livestock Show website.

Looking forward to seeing everyone in Louisville this year and to another great set of National Dorset Shows!

2017 DORSET EWE FUTURITY UPDATE

The Dorset Ewe Futurity Program has once again been active this year with point records forms coming into the CDC office. A total of \$3,550 has been raised to pay out to the participants of the Dorset futurity divisions.

We had two group nominators this year, Cassell Horned Dorsets, Wytheville, VA and Casey Sidwell, Gill, CO. Thank-you to the 49 nominators for supporting this program once again! A complete list of all the breeder nominators

are listed on the back cover of this newsletter. 141 ewe lambs have been nominated this year, 103 polled ewe lambs, 3 Dorset Advantage and 36 horned dorsets. Of those, 63 have been designated by their new junior owners for participation in the futurity program. To date the CDC office has received point record forms from 20 of these junior owners.

Online Sales are also eligible to sell futurity nominated ewe lambs. Breeders need to identify the ewe lambs as being futurity nominated in their sale information, and then notify the CDC and pay your nomination fees. Dorset Wether type sheep and Dorset Advantage ewe lambs are also eligible. In fact the Dorset Advantage already has its own division but unfortunately this year only 3 lambs were nominated for the program limiting the possibility of junior buyers to purchase a DA lamb so, that division will not be awarding any premiums this year.

Point record forms need to be received in the CDC office within 21 days of the date of the show or they will not count. They also need to be signed by show management. Deadline to send in Regional Point Record forms into the CDC Office is November 6, 2017. This allows the office enough time to tabulate final regional placing before Louisville. Those regional points will carry over to your Louisville junior show placing if you are attending that show to compete for the separate Louisville premiums.

The yearling ewe division had 10 yearlings nominated. Keep sending those point record forms in on the yearling ewes. The yearling ewe futurity will also end at the National Junior Dorset Show in Louisville like the ewe lamb program.

Since the Annual NJDA Meeting is now post junior show, the regional polled ewe lamb winners and all the final placings for the Polled Ewe Lamb, Horned Ewe Lamb, Dorset Advantage Ewe Lamb and Yearling Ewe divisions will be announced and awards presented at the meeting. The meeting is scheduled for 7:00 PM Saturday November 11, 2017 in meeting room C105. The awards will be given out along with the breeder recognition. Please make plans to be on hand to receive your awards.

The futurity points are updated on a regular basis on the CDC website to keep everyone appraised of point totals. If you have any questions please feel free to contact the CDC Office. The final update will be posted the week before Louisville.

DORSETS REIGN SUPREME

The Dorset breed in the show ring has excelled once again this year! The quality of Dorsets being shown is exceptional and all Dorset breeders should be very proud of their animals. There wasn't a major show around the country, open or youth, where during Supreme Champion drives there wasn't a Dorset pulled out vying for the honor. The numerous actual named Supreme are a true assessment to the quality of the Dorsets being presented in the showing! Congratulations to all of the breeders and exhibitors!

YOUTH NEWS

2017 WISCONSIN ALL AMERICAN JUNIOR SHOW

The 2017 All American Junior Show was held at the Alliant Energy Center, Madison, WI, on July 30- July 2, 2017. This was a new show site for us and it turned into the biggest show in the history of the AAJS! The Wisconsin hosts, headed up by Richard & Judy Schambow and the Wisconsin Sheep Breeders did a fantastic job of fundraising and hosting to have special events like an ice cream social, basket ball pizza party and a Saturday night BBQ. Food costs were high due to the fact we had to use site vendors but the local hosts worked very hard to come up with the additional funding required to feed the record number of exhibitors and their families! A BIG thank-you to all of them for hosting the All American in Wisconsin!

There just over 2400 sheep entered, and 2011 head actually came and showed. There were 510 exhibitors from 32 different states exhibiting 21 different breeds. Making this the largest All American to date!

The Polled & Horned Dorset and Dorset Advantage shows were held on Sunday and were judged by Jeff Held. The quality of the shows were exceptional as always. The Dorset show had excellent participation as 180 head of Polled Dorsets were shown, 38 head of Horned Dorsets and 44 head of Dorset Advantage. Congratulations to Olivia Waggoner, PA ; Keegan Joel Padgett, IN; and Austin Wright, IN in for being named the top guns for the Polled, Horned and Dorset Advantage shows respectively. All the show results and photos can be found later on in this newsletter.

The National Junior Dorset Association had their Summer get together on Saturday for all the Dorset families. There were several new exhibitors to the All American this year and it was great to get to meet everyone. Thank-you to the Dorset families and the National Junior Officers that helped out with the event.

2017 All-American Junior Show

510 exhibitors representing 32 states, 2011 head of sheep exhibited from 21 breeds
Alliant Energy Center -- Madison, Wisconsin

The NJDA handed out several first time Dorset Showman mementos to the Dorset exhibitors at this year's All American and they all did a great job!

The Dorset juniors represented very well in the events held during the weekend. Following are some highlights of their accomplishments:

- Abigail Donkers, MN:** AAJS Scholarship Winner
- Morgan Crouch, IL:** 3rd Individual Showmanship
- Brynn Shearer, OH:** 2nd Individual Showmanship
- Annie Robinson, WI:** 3rd Individual Showmanship
- Landon Bewley, IN:** 1st Individual Showmanship, 1st Team Showmanship
- Breanna Knittel, IL:** 1st Individual Showmanship
- Allison Smith, KS:** 3rd Individual Showmanship
- Hannah Wyttenbach, IN:** 3rd Individual Showmanship
- Kayleigh Verhaeghe, IN:** 1st Team Showmanship
- Megan Myerscough, IL:** 2nd Senior Judging Contest
- Michael Myerscough, IL:** 2nd Intermediate Judging Contest
- Ethan Hodel, IL:** Champion Polled Dorset Fleece, 2nd Senior Ad Layout, 3rd Senior Photo
- Austin Inbody, OH:** Champion Horned Dorset Fleece
- Hannah Walker, IN:** 3rd Intermediate Intermediate T-Shirt Design

A big thank-you also goes to all the Dorset breeders that donated ewe lambs, semen sales, sponsored classes and purchased raffle tickets that help to support this special junior show. The Dorset breed actually supports three shows and without the breeder support it would not be possible. Thanks to all of you the Dorset breed easily matched their breed sponsorship level.

Plans are underway for the 2018 All American Junior Show. It will be held at the Indiana State Fairgrounds, Indianapolis, IN from July 6-8, 2018. This will be the 25th anniversary of the All American and we only found it fitting to go back to Indiana where it all started. An Indiana organizational committee is being formed so anyone that would like to help out please let me know, Deb Hopkins 401-647-4676. Hotel blocks have been reserved at the following hotels:

-**Marriott Indianapolis East, 7202 East 21st St., Indpls, IN 46219, Phone (317)352-1231**

-**Delta Hotels-Marriott, 7304 East 21st St., Indpls, IN 46219, Phone (317)359-1021,**

Just ask for the "All American Junior Sheep Show" block. Look for up to date information next spring on the show at the AAJS web site:
www.allamericanjuniorshow.com

Looking forward to seeing everyone next summer!

YOUTH NEWS, cont.

2017 NATIONAL JUNIOR DORSET ASSOCIATION ANNUAL MEETING IN LOUISVILLE

The National Junior Dorset Breeders Association will hold its annual meeting in Louisville on Saturday night, November 11, 2017 at 7:00 PM in the Kentucky Exposition Center South Wing, meeting room C105.

The meeting will feature an election of next years directors, presentation of the 2017 scholarship awards, **presentation of the regional & final 2017 futurity awards from the show**, awarding of the First Time Dorset Showman brushes and a pizza party for all the Junior Dorset members and their families. Make plans now to attend the National Dorset Junior Association Annual Meeting and pizza party. Come and meet all your fellow Dorset exhibitors!

CDC & NDJA YOUTH DORSET EWE PURCHASE GRANT PROGRAM

The National Junior Dorset Association and the CDC introduced a grant program for youth to use towards the purchase of a Dorset ewe and it has been very successful for the past four years. The associations awards three \$500 grants annually to be used towards the purchase of a registered Dorset female.

The purchase does not need to be done through a public consignment sale as on farm purchases are also eligible. The program is open to youth in three age divisions: Junior 8-10 years; Intermediate 11-14 years and Senior 15-18 years. An individual may win each division only one time. The applications are due December 1st of the current year. The winning applicants will receive their grant money upon the completed transfer of the ewe purchased into their names.

LETTER FROM NJDA PRESIDENT ALEXANDRA RUWE

Hello, Dorset Breeders!

It is a very exciting time of the year as lambs continue to arrive and NAILE is quickly approaching! As you are finalizing your agenda for NAILE, please plan to attend the Annual National Junior Dorset Association meeting Saturday, November 11th at 7pm. This is different than previous years; however, this change allows members to participate in lead line on Friday night. We look forward to seeing everyone there to receive awards, talk about the upcoming year, and eat lots of pizza!

While this change could seem minor, it is not the only change that is occurring in our industry. Have you ever wondered how the natural disasters effect the ovine industry? How does this shape the production rates? I challenge you, as breeders, to investigate these events in society. Identifying these changes will help us predict how future obstacles will affect sheep production.

Wishing you all safe travels to Louisville,

Alexandra Ruwe, NJDA President

Ewes purchased may be of any age or type of registered purebred Dorset, but may not be purchased from a family member. Grants need to used on sheep purchased and transferred in the award year.

2017 recipient Kinzie Bell, Crescent, OK bought a lamb from Martins 4M Ranch, Chandler, OK; Mary Lynn Jones, Monroe, IN bought a lamb privately from Brad Anderson & Family, Portland, IN and Layne Miller, Oakland, NE purchased a lamb from GT Dorsets, Kennard, NE.

A very simple one page application form is available on the CDC website or you may contact the CDC office to forward you a copy. If you have applied previously but haven't yet been selected please do so again. Please get an application in today or get to an interested youth today!

2017 NJDA TRACY REPASKY SCHOLARSHIP RECIPIENTS ANNOUNCED

Abigail Donkers, Faribault, MN and Alexandra Ruwe, Maroa, IL will be receiving the 2017 Tracy Repasky College Scholarship at the upcoming NJDA Annual Meeting in Louisville. The Scholarship program awards \$1,000 awards yearly to deserving young Dorsets breeders working their way through college.

Congratulations to these very deserving young Dorset breeders!

REMINDER to all Dorset Breeders: Ewe lambs can be nominated at consignment & production sales, and online sales. Polled breeding sheep, horned breeding sheep, wether dam lambs and “Dorset Advantage” ewe lambs all can be nominated! Also, the junior buyers can re-nominate their ewe lamb purchase the following year for the Yearling Ewe Futurity.

THANK YOU FOR YOUR SUPPORT!!
